About the FSDC

The FSDC was established in 2013 by the Government of the HKSAR as a high-level advisory body to engage the industry in formulating proposals to promote the further development of Hong Kong's financial services industry and to map out the strategic direction for development.

In September 2018, the FSDC was incorporated as a company limited by guarantee. This change allows it to better discharge its functions through research, market promotion, and human capital development with greater flexibility.
