

### **Simon Mills, Senior Associate, Z/Yen Group Limited**

Simon Mills BSc (Hons), MSc, MPA began his career working as a field botanist on Cloud and Elfin rainforest in Northern Costa Rica.

In 2000 he became environmental co-ordinator for the City of London, where he established the UK's carbon trading market, delivered the UK's response on green finance to the UN Earth Summit, and pioneered the management of climate risk in urban environments.

Following a secondment to the UK Government 2010, he returned to the City of London as Corporate Policy Manager, where he oversaw the team managing policing, city infrastructure, financial markets and environmental issues.

Since joining as a Z/Yen Associate in 2016, Simon has worked on markets and technology projects for a wide range of international clients. He is the author of numerous reports, including [Developments In Maritime Finance & Maritime Financial Centres](#), [The Future Of UK Fraud - Challenging High-Volume, Automated Crime](#), [International Financial Centres: Facilitating Financial Inclusion Via Digitalisation](#) and [Responsibility Without Power? The Governance Of Mutual Distributed Ledgers](#).
